Mr. Steven H. Gunderson  
Rocky Flats Cleanup Agreement Project Coordinator  
Colorado Department of Public Health and Environment  
4300 Cherry Creek Drive South  
Denver, CO 80246-1530

Dear Mr. Gunderson:

Please find enclosed a partial Building 865 cluster Reconnaissance Level Characterization Report (RLCR) and the Building 865 Hazards Analysis (HA).

The RLCR is provided for your concurrence establishing this portion of the Building 865 cluster as Rocky Flats Cleanup Agreement Type 2 buildings. The buildings characterized in this report are Buildings 865, 866, 867, and 868.

The HA is provided to formally establish Building 865 as a mothballed facility per the Decommissioning Program Plan Section 3.3.4. While the building may not meet all of the criteria for mothballing, for practical purposes it is mothballed. We think that the requirement concerning having a meeting for mothballing has been met, but if you desire, a formal meeting for this purpose will be arranged. It is anticipated that the building will be mothballed for several months until the prototype Type 2 building "commercial practices" subcontract is awarded for demolition of Building 865 sometime around the end of this calendar year or the beginning of next year. Questions can be directed to Mr. Steve Tower at (303) 966-2133.

Sincerely,

Joseph A. Legare  
Assistant Manager  
for Environment and Stewardship
